Interested persons were given an opportunity to submit written data, views, or arguments, relative to the proposals.

On October 12, 1949 (14 F. ings held during such fiscal period to work out the details relative to the recent amendment (15 F. R. 6071), to said marketing agreement and order, which meetings were not contemplated at the time the aforesaid action was taken.

Section 939.41 of the amended marketing agreement and order provides that any rate of assessment, fixed as aforesaid, may be adjusted with the approval of the Secretary, to cover any later findings by the Secretary of the actual expenses of the Control Committee during the applicable fiscal period. One of the factors considered as a basis for fixing the rate of assessment at four mills (\$0.004) per standard western pear box of pears or its equivalent in other containers or in bulk, was that interstate shipments of such pears during the 1949-50 fiscal period would, according to the estimate of the Control Committee, aggregate 5,213,975 boxes, as aforesaid. The actual shipments for this period, however, amounted to 4,372,454 such boxes.

After consideration of all relevant matters presented, including the proposals set forth in the aforesaid notice, it is hereby found and determined that the necessary expenses incurred by the Control Committee for its maintenance and functioning during the fiscal period beginning on July 1, 1949, and ending on June 30, 1950, both dates inclusive, amounted to \$20,530.83 and the adjusted rate of assessment at the rate of four and seven-tenths mills (\$0.0047) per standard western pear box of pears or its equivalent in other containers or in bulk, is approved.

It is, therefore, ordered, That the provisions in § 939.202 *Budget of expenses and rate of assessment for the 1949-50 fiscal period* (14 F. R. 6329) be, and are hereby, amended to read as follows:

§ 939.202 *Budget of expenses and rate of assessment for the 1949-50 fiscal period*—(a) *Budget of expenses.* The expenses necessary to be incurred by the Control Committee, established pursuant to the provisions of the aforesaid marketing agreement and order, for the maintenance and functioning of said committee during the fiscal period beginning July 1, 1949, and ending June 30, 1950, both dates inclusive, will amount to \$20,530.83.

(b) *Rate of assessment.* The rate of assessment, which each handler who first handles pears shall pay as his pro rata share of the aforesaid expenses in accordance with the applicable provisions of said marketing agreement and order, is hereby fixed at four and seven-tenths mills (\$0.0047) per standard western pear box of pears, or its equivalent of pears in other containers or in bulk.

It is hereby further found and determined that:

§ 939.203 *Expenses and rate of assessment for the 1950-51 fiscal period*—(a) *Expenses.* The expenses necessary to be incurred by the Control Committee, established pursuant to the aforesaid amended marketing agreement and order, for the maintenance and functioning of said committee during the fiscal period beginning July 1, 1950, and ending June 30, 1951, both dates inclusive, will amount to \$23,040.50.

(b) *Rate of assessment.* The rate of assessment, which each handler who first handles pears shall pay as his pro rata share of the aforesaid expenses in accordance with the applicable provisions of said amended marketing agreement and order, is hereby fixed at five mills (\$0.005) per standard western pear box of pears, or its equivalent of pears in other containers or in bulk.

It is hereby further found that good cause exists for not postponing the approval of the adjusted rate of assessment for the 1949-50 fiscal period and the fixing of the rate of assessment for the 1950-51 fiscal period until 30 days after publication in the *FEDERAL REGISTER* (60 Stat. 237; 5 U. S. C. 1001 et seq.) in that: (1) According to the relevant provisions of said amended marketing agreement and order, the adjusted rate of assessment approved for the 1949-50 fiscal period and the rate of assessment fixed for the 1950-51 fiscal period are each applicable to all pears shipped during the respective fiscal period; (2) the deficit with respect to the 1949-50 fiscal period must be liquidated at the earliest possible date so as to provide adequate funds for the immediate defrayment of all properly incurred expenses; and (3) the Control Committee is currently operating at a deficit since shipments of pears are now being made and are subject to regulation in accordance with Pear Order 3 (15 F. R. 5193), pursuant to the amended marketing agreement and order.

As used herein, the terms "handler," "handles," "shipments," "shipped," "pears," "standard western pear box," and "fiscal period" shall have the same meaning as when used in said amended marketing agreement and order.

(Sec. 5, 49 Stat. 753, as amended; 7 U. S. C. and Sup., 608c)

Done at Washington, D. C., this 1st day of December 1950.

§ 300.16 *Withdrawal of paper.* The granting of a request to dismiss or withdraw a paper, document or pleading shall not authorize the removal of the paper, document, or pleading from the records of the Commission. No paper, document or pleading officially filed shall be returned unless the Commission shall, for good cause, allow such return.

§ 300.17 *Certified copies of claims and of awards.* The Commission shall certify to the Secretary of State, upon his request, copies of the formal submissions of claims filed with the Commission as defined in §§ 300.8, 300.9, and 300.10, and of the corresponding awards by the Commission with respect thereto, for transmission to the foreign government concerned.

§ 300.18 *Transcripts available to the Government of Yugoslavia.* Certified copies of transcripts of any hearings before the Commission and certified copies of documents submitted to the Commission in support or in refutation in whole or in part of any claim submitted thereto, will be made available by the Commission, at the request of the Secretary of State, to the Government of Yugoslavia.

§ 300.19 *Filing of brief by Government of Yugoslavia, as amicus curiae.* The Government of Yugoslavia may file a request for leave to file a brief as amicus curiae in any claim proceeding, stating the reason therefor. The Commission may, by order, consent to such filing within a time to be fixed by the order. The request to file a brief in a proceeding under § 300.20 must be filed with the Commission within five (5) days following the notice of the proposed decision, as set forth in § 300.20 (e), and, in the case of a hearing, at any time during the hearing or within ten (10) days after the hearing is closed. If leave be granted to file such brief, in the case of a hearing, then such brief shall be served upon the parties in accordance with § 300.32 (b).

§ 300.20 *Informal procedure for approval or denial of claims.* (a) The Solicitor may initiate a proceeding for approval of a claim in part or in whole which he deems entitled to approval, by submitting a written recommendation to the Commission, stating the reasons and grounds for such approval.

(b) In proceedings wherein the Solicitor is of the opinion the claim should be denied, he shall make a written recommendation to the Commission, stating the reasons and grounds for the denial.

(c) The Commission shall consider the claim and may allow it in part or in whole or deny it, or set the claim for hearing, stating the reason and grounds for its decision.

(d) The proposed decision of the Commission shall be furnished the claimant by mailing a certified copy thereof to claimant or the attorney of record, and to the Secretary of State for transmission to the Government of Yugoslavia.

§ 300.21 *Right to a hearing.* (a) Any claimant whose claim is denied, or is approved for less than the full amount of such claim, under the procedure provided in § 300.20, is entitled to a hearing before the Commission. Such hearing will be authorized upon the filing by the claimant of a request therefor within thirty (30) days after the date of mailing a copy of the decision.

(b) Upon failure to file such a request for a hearing before the Commission within said thirty (30) days, the claimant will be deemed to have waived his right to a hearing, and the decision of the Commission shall constitute a full and final disposition of the case.

(c) Upon proper cause shown, the Commission may, in its discretion, extend the time within which a request for hearing may be filed.

§ 300.22 *Hearings on order of Commission.* (a) The Commission may, in its discretion, require a hearing in any proceeding and shall give at least thirty (30) days' notice of the time and place of such hearing.

(b) In any case where a hearing is ordered by the Commission, notice thereof shall be given to the parties to the proceeding and, with respect to claims under the Yugoslav Claims Agreement of 1948, to the Government of Yugoslavia.

§ 300.23 *Pre-hearing conferences.* (a) At the request of the claimant or of the Solicitor of the Commission, or by order of the Commission on its own motion, at any time prior to hearing, a Commissioner, or a duly authorized representative of the Commission, designated by the Chairman, may arrange for a conference at a designated time and place to consider, among other things, simplification of the issues and any other matter which would tend to expedite the disposition of the proceedings.

(b) The action taken at the conference may be recorded in summary form or otherwise, for use at the hearing. Such record shall be agreed to by the parties, approved by the duly authorized representative of the Commission if such there be, or by a Commissioner. Stipulations and admissions of fact and amendments shall be made a part of the record of the claim proceeding.

§ 300.24 *Conduct of hearings.* (a) Hearings shall be held as ordered by the Commission and shall be open to the public, unless otherwise ordered by the Commission.

(b) Any member of the Commission, or any employee of the Commission, designated in writing by the Chairman of the Commission, may administer oaths and examine witnesses. Any member of the Commission may require by subpoena the attendance and testimony of witnesses, and the production of all necessary books, papers, documents, records, correspondence, and other evidence, from any place in the United States at any designated place of inquiry or of hearing.

(c) The claimant shall be the moving party and shall have the burden of proof on all the issues involved in the claim proceeding.

(d) Any party, that is, the claimant or the Solicitor of the Commission, shall have the right and power to call, examine and cross-examine witnesses and to introduce for the record documentary or other evidence.

(e) The rules of evidence prevailing in courts of law and equity shall not be controlling. Any testimony or other proof having probative value shall be received in evidence. However, it shall be the policy to exclude irrelevant, incompetent, immaterial or unduly repetitious evidence.

(f) A copy of any foreign document of record or on file in a public office of a foreign country or political subdivision thereof, certified by the lawful custodian thereof, shall be admissible in evidence or made part of the record when authenticated by a certificate of an authorized official of the United States resident in such foreign country, under the seal of his office, that the copy has been certified by the lawful custodian.

(g) Any record, document, or other writing, or any portion thereof, from the files of any foreign industrial, business, or commercial enterprise, located in a foreign country, certified by the lawful custodian thereof, shall, if otherwise relevant, be admissible in evidence or made part of the record in a claim proceeding, as competent evidence of the matters therein contained, when authenticated by a certificate of an authorized official of the United States resident in such foreign country, under the seal of his office, that such record, document or writing has been certified by the lawful custodian. A copy of such record, document, or writing shall be equally admissible as the original when certified and authenticated as aforesaid. All circumstances in the making of such record, document, or writing, as well as the lack of opportunity for cross-examination, shall be considered by the Commission, but shall not affect its admissibility in evidence.

Nothing contained in paragraphs (f) and (g) of this section, however, shall prevent the Commission upon good cause shown by timely motion from admitting in evidence a copy of such foreign document, record, or other writing, or portion thereof, not certified and authenticated as herein provided, if, in the discretion of the Commission, such copy has probative value.

(h) In the discretion of the Commission, the hearing or prehearing may be adjourned from day to day or postponed to a later date, or to a different place by announcement thereof at the hearing by the Commission or by reasonable notice to the interested parties.

(i) Hearings shall be stenographically reported by a reporter designated by the Commission and a transcript of such hearings shall be a part of the record. Corrections in the official transcript may be made with the consent of the Commission to make it conform to the evidence presented at the hearing. Claimants desiring copies of the transcript of their own hearing may obtain such copies from the official reporter upon payment of the fees fixed therefor.

(j) Witnesses shall be examined orally under oath, except that for good cause

shown, testimony may be taken by deposition.

(k) Witnesses summoned before the Commission shall be paid the same fees and mileage which are paid witnesses in the courts of the United States. Witness fees and mileage shall be paid by the party at whose instance the witnesses appear.

§ 300.25 *Depositions.* (a) The testimony of any person, including a claimant, may be taken by deposition upon oral examination or written interrogatories. A deponent may be examined regarding any matter, not privileged, which is relevant to the claim. In taking testimony opportunity shall be given for cross examination.

(b) Any party desiring to take a deposition upon oral examination shall make application therefor in writing setting forth the reasons why such deposition should be taken, the name and residence of the witness, the matters concerning which it is expected the witness will testify, and the time and place proposed for the taking of the deposition. Thereupon, the Chairman, or the individual Commissioners, as the case may be, may, in their discretion, issue an order which will name the witness whose deposition is to be taken, and specify the time when and the place where, and the officer before whom the witness is to testify. Such order shall require a deposit of an amount adequate to cover the fees and mileage involved. The officer issuing such order shall cause it to be served upon all parties, at a reasonable time in advance of the date fixed for taking testimony.

(c) The testimony shall be reduced to writing by the officer before whom the witness is to testify, or under his direction, after which the deposition shall be subscribed by the witness and certified by the officer. Any part of a deposition not received in evidence shall not constitute a part of the record in such proceeding unless the parties so agree, or the Commission so orders.

(d) Depositions may also be taken and submitted on written interrogatories in substantially the same manner as depositions taken by oral examination. When a deposition is taken upon written interrogatories and cross-interrogatories, none of the parties shall be present or represented, and no person, other than the witness, a stenographic reporter and the officer, shall be present at the examination of the witness, which fact shall be certified by the officer, who shall propound the interrogatories and cross-interrogatories to the witness in their order and reduce the testimony to writing in the witness' own words.

(e) Where the deposition is taken in a foreign country, it may be taken before a secretary of an embassy or legation, consul general, consul, or vice consul, or consular agent of the United States or before such person or officer designated by the Commission or agreed upon by the parties by stipulation in writing filed with and approved by the Chairman or other officer designated by him.

(f) Objection may be made to receiving in evidence or as part of the record any deposition or part thereof for any reason which would require the exclusion of the evidence if the witness were

present and testifying at a hearing before the Commission.

(g) Witnesses whose depositions are taken, and the persons taking the same, shall be severally entitled to the same fees as are paid for like services in the courts of the United States. With respect to witnesses subpoenaed, depositions taken, and commissions or letters rogatory issued upon the initiative of the Commission, the Commission shall pay such fees, charges or expenses incidental thereto, as may be found necessary.

(h) Nothing contained in this section shall preclude the issuance of a subpoena or the taking of depositions upon the initiative of the Commission in pursuance of any independent investigation or inquiry as to any matter pertaining to, or aspects of, a claim or an application for determination and apportionment of attorneys' fees, that it may determine to make pursuant to sections 4 (b) and (f) of the act.

§ 300.26 *Issuance of subpoenas.* (a) Any member of the Commission shall, upon application by any party, and upon a showing of general relevance and reasonable scope of the evidence sought, issue subpoenas requiring the attendance and testimony of witnesses and the production of evidence under oath, including the production of all necessary books, papers, documents, records, correspondence and other evidence, from any place in the United States at any designated place of inquiry or of hearing.

(b) The members of the Commission, before issuing any subpoena, may require a deposit of an amount adequate to cover the fees and mileage involved.

§ 300.27 *Motions.* (a) All motions and requests for rulings addressed to the Commission shall be in writing and shall state the purpose thereof and the relief sought, together with the reasons in support thereof.

(b) All motions and requests for rulings made during a hearing in a claims proceeding may be stated orally and shall be made a part of the stenographic report of the hearing.

(c) Motions and requests which relate to the introduction or striking of evidence, or which relate to procedure during the course of the hearings, or to any other matters within the authority of the Commission, may be stated orally and shall be ruled on by the Commission. No exception need be taken to any ruling in order to entitle a party to urge an objection thereafter in the claim proceeding.

§ 300.28 *Oral argument and closing of hearing.* Any party shall be entitled, upon request at the close of the hearing, to such time as may be fixed by the Commission for oral argument before the Commission, which oral argument may, with the consent of the Commission, be included in the stenographic report of the hearing.

§ 300.29 *Proposed findings and conclusions.* At the close of the reception of evidence before the Commission or within a reasonable time thereafter, to be fixed by the Commission, any party may submit to the Commission proposed findings and conclusions, together with a brief in support thereof. Such pro-

posals shall be in writing and shall contain appropriate references to the record. Copies thereof shall be furnished to all parties. Reply briefs may be filed with the permission of the Commission within a reasonable time, to be fixed by it. As far as practicable, procedure shall be followed of having claimant's brief filed first, followed by the brief of the Office of the Solicitor of the Commission or by the Government of Yugoslavia as amicus curiae, with any reply briefs filed in the same order.

§ 300.30 *Commission's decision.* The Commission, as soon as practicable after receipt of the complete transcript and all exhibits, shall make a decision which shall become a part of the record and shall include a statement of the reasons and grounds therefor. Each decision by the Commission shall constitute a full and final disposition of the case.

§ 300.31 *Rehearing.* Any party desiring a rehearing or reargument may file a petition with the Commission within ten (10) days after notice of the decision of the Commission, stating separately (a) a brief, concise statement of the points of the petition, and (b) the reasons or arguments in support thereof, together with specific reference to the record. The Commission may, in its discretion, grant or deny such petition.

§ 300.32 *Service—(a) By the Commission.* Orders, notices, rulings, decisions, and any other action taken by the Commission requiring service shall be served by the Commission by mailing a copy thereof to the parties, addressed to the person or persons designated in the filed claim.

(b) *By the parties.* Motions, briefs, proposed findings and conclusions, notices and all other papers filed in a claim proceeding, when filed with the Commission or Solicitor of the Commission shall show service thereof upon the parties to the claim proceeding. Such service shall be made by delivering in person or by mailing copies thereof.

(c) *Service upon attorneys.* When any party has appeared by attorney, service upon the attorney shall be deemed service upon the party.

(d) *Date of service.* The date of service shall be the day when the matter is deposited in the United States mail or delivered in person, as the case may be.

§ 300.33 *Suspension, amendment or waiver of rules.* The rules of the Commission as set out in this part may be suspended, revoked, modified, amended, or supplemented, in whole or in part, at any time, by the Commission, subject to the provisions of the Administrative Procedure Act. Any provision of the rules as set out in this part may be waived by the Commission, if good cause therefor exists.

#### HOLDINGS OF CASH AND OBLIGATIONS OF THE U. S. BY MEMBERS

DECEMBER 1, 1950.

Resolved that pursuant to Part 108 of the general regulations of the Home Loan Bank Board (24 CFR Part 108), notice and public procedure having been duly afforded (15 F. R. 7386) Part 123 of the regulations for the Federal Home Loan Bank System (24 CFR Part 123) is hereby amended by inserting between §§ 123.9 and 123.15, a new § 123.12, as hereinafter set forth, effective December 27, 1950:

§ 123.12 *Holdings of cash and obligations of the United States by members.* No member insurance company shall make or purchase any loan, other than loans on the company's insurance policies, at any time when the aggregate of its cash and obligations of the United States is not at least equal to 6 percent of its policy reserve required by state law. No other member shall make or purchase any loan, other than advances on the sole security of its withdrawable accounts, at any time when its cash and obligations of the United States are not at least equal to 6 percent of the obligation of the member on withdrawable accounts. For the purposes of this section:

## TITLE 29—LABOR

### Chapter IV—Child Labor Branch, Department of Labor

#### PART 422—OCCUPATIONS PARTICULARLY HAZARDOUS FOR THE EMPLOYMENT OF MINORS BETWEEN 16 AND 18 YEARS OF AGE OR DETRIMENTAL TO THEIR HEALTH OR WELL-BEING

##### OCCUPATIONS IN CONNECTION WITH MINING, OTHER THAN COAL

On August 31, 1950, notice was published in the FEDERAL REGISTER (15 F. R. 5914) that the Secretary of Labor proposed to adopt a hazardous occupations order as therein set forth providing that for the purposes of section 3 (1) of the Fair Labor Standards Act, as amended, all occupations in connection with mining, other than coal, with certain exceptions, are particularly hazardous for the employment of minors between 16 and 18 years of age or detrimental to their health or well-being. The notice provided for a public hearing to be held in Washington, D. C., on October 11, 1950. Interested persons were invited to participate in the hearing and provision was made for the submission of written

comments or briefs by any interested person unable to attend the hearing. All relevant material introduced at the hearing, including the report of investigation, has been carefully considered. This material discloses no reason for revision of the proposed order except for three minor changes. A clause designed to make it clear that employment of minors in the occupations covered by the order is prohibited under section 12 of the act has been added to the finding of fact contained in § 422.9 (a). The proviso in § 422.9 (a) (3) has been eliminated and a new proviso has been added at the end of § 422.9 (a) in order to make it plain that the exceptions contained in that section do not authorize work in occupations prohibited by other hazardous occupations orders.

Now, therefore, pursuant to the authority vested in me by section 3 (1) of the Fair Labor Standards Act, as amended (52 Stat. 1060, as amended; 29 U. S. C. 201 et seq.), and Reorganization Plan No. 2 of 1946 adopted pursuant to the Reorganization Act of 1945 (59 Stat. 613) and in accordance with the procedure Governing Determinations of Hazardous Occupations (29 CFR Part 421), I, Maurice J. Tobin, Secretary of Labor, hereby adopt the following finding, declaration and order, designated Hazardous-Occupations Order No. 9:

§ 422.9 Occupations in connection with mining, other than coal—(a) Finding and declaration of fact. All occupations in connection with mining, other than coal, are particularly hazardous for the employment of minors between 16 and 18 years of age or detrimental to health or well-being and employment in such occupations is therefore prohibited under section 12 of the Fair Labor Standards Act, as amended, except the following:

- (1) Work in offices, in the warehouse or supply house, in the change house, in the laboratory, and in repair or maintenance shops not located underground.
- (2) Work in the operation and maintenance of living quarters.
- (3) Work outside the mine in surveying, in the repair and maintenance of roads, and in general clean-up about the mine property such as clearing brush and digging drainage ditches.
- (4) Work of track crews in the building and maintaining of sections of railroad track located in those areas of open-cut metal mines where mining and haulage activities are not being conducted at the time and place that such building and maintenance work is being done.
- (5) Work in or about surface placer mining operations other than placer dredging operations and hydraulic placer mining operations.
- (6) The following work in metal mills other than in mercury-recovery mills or mills using the cyanide process:
  - (i) Work involving the operation of jigs, sludge tables, flotation cells, or drier-filters.
  - (ii) Work of hand-sorting at picking table or picking belt.
  - (iii) General clean-up work;

Provided, however, That nothing in this section shall be construed as permitting employment of minors in any occupation prohibited by any other hazardous occupations order issued by the Secretary of Labor.

(b) Definitions. As used in this section: The term "all occupations in connection with mining, other than coal" shall mean all work performed underground in mines and quarries; on the surface at underground mines and underground quarries; in or about open-cut mines, open quarries, clay pits, and sand and gravel operations; at or about placer mining operations; at or about dredging operations for clay, sand or gravel; at or about bore-hole mining operations; in or about all metal mills, washer plants, or grinding mills reducing the bulk of the extracted minerals; and at or about any other crushing, grinding, screening, sizing, washing or cleaning operations performed upon the extracted minerals except where such operations are performed as a part of a manufacturing process. The term shall not include work performed in subsequent manufacturing or processing operations, such as work performed in smelters, electro-metallurgical plants, refineries, reduction plants, cement mills, plants where quarried stone is cut, sanded and further processed, or plants manufacturing clay, glass or ceramic products. Neither shall the term include work performed in connection with coal mining, in petroleum production, in natural-gas production, nor in dredging operations which are not a part of mining operations, such as dredging for construction or navigation purposes.

(c) This section shall not justify non-compliance with any Federal or State law or municipal ordinance establishing a higher standard than the standard established herein.

Effective date. This order shall become effective January 6, 1951.

(Sec. 3, 52 Stat. 1060, as amended; 29 U. S. C. 203)

Signed at Washington, D. C., this 27th day of November 1950.

MAURICE J. TOBIN,  
Secretary of Labor.

§ 251.26 *Description of areas.* Sections 251.27 to 251.31, inclusive, apply to those areas of land and water in the Counties of Cook, Lake, and St. Louis, State of Minnesota, within the exterior boundaries of the Superior National Forest, which have heretofore been designated by the Secretary of Agriculture as the Superior Roadless Area, the Little Indian Sioux Roadless Area, and the Caribou Roadless Area, respectively, and to the airspace over said areas and below the altitude of 4,000 feet above sea level. Said areas are more particularly described in the Executive order setting apart said airspace as an airspace reservation (E. O. 10092, Dec. 17, 1949; 14 F. R. 7637). Copies of said Executive order may be obtained on request from the Forest Supervisor, Superior National Forest, Duluth, Minnesota (hereinafter called "Forest Supervisor").

§ 251.31 *Conformity with law.* Nothing in these regulations shall be construed as permitting the operation of aircraft contrary to the provisions of the Civil Aeronautics Act of 1938 (52 Stat. 973), as amended, or any rule, regulation or order issued thereunder.

In testimony whereof, I have hereunto set my hand and caused the official seal of the Department of Agriculture to be affixed, in the City of Washington, this 22d day of November 1950.

#### PEANUT MARKETING QUOTA REFERENDUM EFFECT ON 1951 PRICE SUPPORT PROGRAM

The purpose of this notice is to inform producers as to what effect the approval or disapproval of peanut marketing quotas in the referendum to be held on December 14, 1950 (15 F. R. 7300) will have on price support for the 1951 crop of peanuts.

Section 101 of the Agricultural Act of 1949 (63 Stat. 1051; 15 U. S. C. Sup., 714b) provides that:

(1) If producers have not disapproved marketing quotas for the 1951 crop of peanuts, the level of price support to cooperators shall be not less than 80 per-

cent and not in excess of 90 percent of the parity price; and

(2) If producers have disapproved marketing quotas for the 1951 crop of peanuts, the level of price support to cooperators shall be 50 percent of the parity price.

Regardless of whether marketing quotas for the 1951 crop of peanuts are approved or disapproved in the referendum, for purposes of price support a producer will be considered a cooperator with respect to all peanuts produced by him on a farm on which the 1951 picked and threshed acreage of peanuts does not exceed the 1951 peanut allotment for such farm determined pursuant to the Marketing Quota Regulations for 1951 Crop of Peanuts, as amended, issued by the Secretary of Agriculture (15 F. R. 7292).

If marketing quotas for the 1951 crop of peanuts are approved in the referen-

dum, a producer also will be considered a cooperator with respect to the within-quota peanuts produced by him on a farm on which the 1951 picked and threshed acreage exceeds the farm acreage allotment but does not exceed the 1947 picked and threshed acreage of peanuts for the farm, provided any peanuts picked or threshed in excess of the 1951 farm marketing quota are delivered to or marketed through an agency or agencies designated by the Secretary of Agriculture without penalty in accordance with the provisions of section 359 (g) of the Agricultural Adjustment Act of 1938, as amended (55 Stat. 90, sec. 6 (a), Public Law 471, 81st Cong., 7 U. S. C. Sup., 1359), and regulations issued by the Secretary of Agriculture.

No price support will be made available to noncooperators irrespective of whether marketing quotas are approved or disapproved in the referendum.

Any producer who has an interest in the 1951 crop of peanuts on two or more farms, in order to be eligible for price support, must comply with any regulations of the Secretary of Agriculture with respect to multiple-farm compliance with acreage allotments.

Done at Washington, D. C., this 4th day of December 1950.

Acting Secretary of Agriculture.

[Docket Nos. G-1142, G-1152, G-1508]

#### UNITED GAS PIPE LINE CO. ET AL.

##### ORDER FIXING DATE OF HEARING, CONSOLIDATING MATTERS FOR HEARING AND ESTABLISHING ORDER IN WHICH EVIDENCE WILL BE PRESENTED

NOVEMBER 29, 1950.

In the matters of United Gas Pipe Line Co., and Willmut Gas & Oil Company, et al., Docket Nos. G-1142, G-1508, v. United Gas Pipe Line Company, Docket No. G-1153.

By order issued October 13, 1948 (Docket No. G-1142), the Commission, on its own motion, instituted an investigation of United Gas Pipe Line Company (United) for the purpose of enabling the Commission to determine whether, any rate, charge, service or classification demanded, observed, charged or collected by United for or in connection with the transportation or sale of natural gas subject to the jurisdiction of the Commission or any rule, regulation, practice or contract affecting such rate, charge, service or classification is unjust, unreasonable, unduly discriminatory or preferential.

Said order provided further that if, after hearing, the Commission shall find

that any such rates, charges, services, classifications, rules, regulations, practices or contracts are unjust, unreasonable, unduly discriminatory or preferential, it will determine and fix by appropriate order or orders just, reasonable, non-discriminatory or non-preferential rates, charges, services, classifications, rules, regulations, practices or contracts to be thereafter observed and in force.

Thereafter, by order issued September 28, 1949, the Commission consolidated the proceedings in Docket No. G-1142 with the complaint filed December 8, 1948, entitled *Willmut Gas & Oil Company et al. v. United Gas Pipe Line Company*, Docket No. G-1158.

On October 16, 1950, the Commission issued its "Order To Show Cause and Fix Date of Hearing" (Docket No. G-1508), requiring United to file with the Commission in conformity with Part 154 of the Commission's general rules and regulations a tariff constituting a restatement of all of its effective schedules of rates, charges, classifications, practices, regulations and contracts for the transportation or sale of natural gas subject to the jurisdiction of the Commission except as otherwise permitted by said Part on or before January 2, 1951, or to show good cause at a public hearing to be held commencing January 3, 1951, why it should not file said tariff. The October 16, 1950 order also provided that United should notify the Commission in writing under oath on or before December 1, 1950, whether it intends to file a tariff as provided in that order.

United filed its affidavit and reply to the October 16, 1950, order stating that, pending entry of final judgment on the merits in Civil Action 4680-50, now in the District Court of the United States for the District of Columbia, in which action United seeks to enjoin the Commission and its members from attempting to enforce compliance by United with Part 154 of the Commission's general rules and regulations, it will not file a tariff as required by said Part 154 as modified by the order of October 16, 1950. In said reply United also requested that the Commission cancel the hearing in Docket No. G-1508 set for January 3, 1951, until final determination of the issues in Civil Action No. 4680-50.

On the basis of information presently available to the Commission it appears that some evidence relevant to the issues in the hearing hereinafter provided in Docket Nos. G-1142 and G-1158 may also be relevant to issues which may arise in the hearing heretofore scheduled to commence January 3, 1951, in Docket No. G-1508.

The Commission further finds:

(1) It is appropriate to carry out the provisions of the Natural Gas Act that a hearing be held in Docket Nos. G-1142 and G-1158 as hereinafter provided and that the hearing in Docket No. G-1508 be consolidated therewith.

(2) Good cause has not been shown to cancel the hearing in Docket No. G-1508, as requested by United.

The Commission orders:

(A) A public hearing be held commencing February 28, 1951, at 10:00

a. m., e. s. t., in the Hearing Room of the Commission, 1800 Pennsylvania Avenue NW., Washington, D. C., respecting the matters involved and the issues presented in the proceedings in Docket Nos. G-1142 and G-1158.

(B) The hearing in Docket No. G-1508 heretofore fixed by the Commission to commence at 10:00 a. m., e. s. t., January 3, 1951, be and it hereby is continued to February 28, 1951, and consolidated with the hearing provided in Paragraph (A) hereof.

(C) Evidence relating to the following matters and issues shall be presented in the order listed:

(i) Why United should not file with the Commission in conformity with Part 154 of the Commission's general rules and regulations a tariff constituting a restatement of all its effective schedules of rates, charges, classifications, practices, regulations, and contracts for the transportation or sale of natural gas subject to the jurisdiction of the commission, except as otherwise permitted by said part.

(ii) Whether provisions in United's rate schedules purporting to effect automatic adjustments in rates, and provisions in United's rate schedules with respect to city gate sales of natural gas under which United receives a percentage of the sale price of such gas by the distributor to industrial customers are unjust, unreasonable, unduly discriminatory or preferential.

(iii) All other matters involved and issues presented in Docket Nos. G-1142 and G-1158 in such order as may be fixed by the Presiding Examiner.

(D) The request of United that the hearing in Docket No. G-1508 be cancelled be and it hereby is denied.

Date of issuance: November 30, 1950.

By the Commission.

VIRGINIA ELECTRIC AND POWER CO.  
ORDER ON MOTIONS

NOVEMBER 29, 1950.

On November 15, 1950, the Chief Presiding Examiner filed a supplement to his decision of March 1950, in the above-entitled matter. Counsel for the applicant and counsel for the Secretary of the Interior thereupon filed certain motions. The applicant requests the fixing of an early date for oral argument on the Chief Presiding Examiner's decision, as supplemented, and the Secretary of the Interior requests that an abbreviated record be agreed to by the counsel of record and that additional time within which to file exceptions be allowed. Neither the necessity nor the desirability of abbreviating the record upon which the Chief Presiding Examiner has ruled is apparent. The Commission orders:

(A) Exceptions to the Chief Presiding Examiner's decision of March 1950, as supplemented November 15, 1950, may be filed not later than December 22, 1950.

(B) If exceptions to the Chief Presiding Examiner's decision, as supplemented, are filed, oral argument will be heard thereon by the Commission beginning at 10 o'clock a. m. on Thursday, January 11, 1951, in the Commission's Hearing Room, 1800 Pennsylvania Avenue NW., Washington, D. C.

#### UNITED LIGHT AND RAILWAYS CO. ET AL.

#### NOTICE OF FILING

At a regular session of the Securities and Exchange Commission, held at its office in the city of Washington, D. C., on the 30th day of November A. D. 1950.

The plan of liquidation filed pursuant to section 11 (e) of the Public Utility Holding Company Act of 1935 ("act"), by The United Light and Railways Company ("Railways") and its subsidiary, Continental Gas & Electric Corporation ("Continental"), both registered holding companies, and approved by the order of the Commission entered January 10, 1950, provides, inter alia, that the investment of Railways in the Mason City and Clear Lake Railroad Company ("Mason City") shall be sold or otherwise disposed of, and if to be disposed of in any manner other than by a sale thereof to non-affiliated interests, the proposed disposition shall be subject to the further approval of the Commission upon separate application.

Pursuant to the provisions of the Plan and section 12 (f) of the act and Rules U-43 and U-44 promulgated thereunder, Railways has filed an application-declaration, designated Supplemental Application No. 11, with respect to the disposition of Mason City and related transactions which may be summarized as follows:

Mason City, a Delaware corporation, which owns and operates an electric interurban railroad eleven miles long between Mason City, Iowa, and Clear Lake, Iowa, proposes to sell all of its assets, including working capital, for the sum of \$47,500 cash, to a new corporation, Mason City and Clear Lake Railroad Company ("MCCLR"), an Iowa corporation, organized by Charles E. Strickland, President of Mason City. Strickland is also a vice president of Kansas City Power & Light Company, a former subsidiary of Railways. MCCLR will assume all liabilities and obligations of Mason City, except the outstanding \$250,000 principal amount of bonds which are owned by Railways and \$859,993 of notes and open account indebtedness payable to Railways, and will pay (a) all State and Federal income taxes payable by Mason City for the year 1950, (b) \$5,700, subject to adjustment, to cover possible tax deficiencies, for prior years, and (c) interest on the outstanding bonds of Mason City to January 1, 1951. Railways owns all of the outstanding securities of Mason City and upon the consummation of the proposed sale, the bonds, notes and open account

indebtedness of Mason City are to be surrendered to Mason City for cancellation in exchange for the cash received by it for the assets, and Mason City is to be liquidated and dissolved.

It is stated that the bonds, notes and open account indebtedness of Mason City have been carried on the books of Railways at \$1 since the liquidation in 1945 of its parent, The United Light and Power Company, that the interest on the open account indebtedness accrued since 1945, aggregating \$150,706 at September 30, 1950, is reflected on the books of Railways. Railways proposes upon the consummation of the proposed transactions to write off to surplus the difference, estimated at \$103,207, between the carrying value of the investment and the amount to be received upon liquidation of Mason City.

It is further stated that the only fees and expenses to be incurred in connection with the proposed transactions are legal fees, accountants' fees and miscellaneous expenses, and that the fees of counsel and accountants are to be submitted as a part of their respective claims for fees in connection with the over-all liquidation plan.

Applicant-declarant requests that the Commission enter an order on or before December 23, 1950, to become effective upon its issuance, granting and permitting the application-declaration to become effective.

All interested persons are referred to said application-declaration which is on file in the office of the Commission for a full statement of the transactions therein proposed.

Notice is hereby given that any interested person may, not later than December 8, 1950, at 5:30 p. m., e. s. t., request the Commission in writing that a hearing be held with respect to said application-declaration, stating the nature of his interest, the reason for such request, and the issues of fact or law, if any, which he proposes to controvert, or may request that he be notified if the Commission should order a hearing with respect thereto. Any such request should be addressed: Secretary, Securities and Exchange Commission, 425 Second Street NW., Washington 25, D. C. At any time after December 8, 1950, said application-declaration, as filed or as amended, may be granted and permitted to become effective as provided in U-23 of rules and regulations promulgated under the act, or the Commission may exempt the proposed transactions as provided in Rules U-20 and U-100 thereof.

CENTRAL PUBLIC UTILITY CORP., AND CONSOLIDATED ELECTRIC AND GAS CO.

#### NOTICE OF FILING

At a regular session of the Securities and Exchange Commission held at its office in the city of Washington, D. C., on the 1st day of December A. D. 1950.

Notice is hereby given that a joint application-declaration has been filed with this Commission pursuant to the Public Utility Holding Company Act of 1935 (the "act") by Central Public Utility Corporation ("Central Public"), a registered holding company, and Consolidated Electric and Gas Company ("Consolidated"), a registered holding company and a direct subsidiary of Central Public. The filing has designated sections 9, 10 and 12 of the act and Rules U-8, U-20, U-24, and U-43 as being applicable to the transactions described therein.

Notice is further given that any interested person may, not later than December 13, 1950, at 5:30 p. m., e. s. t., request the Commission in writing that a hearing be held on such matter stating the nature of his interest, the reason for such request, and the issues, if any, of fact or law proposed to be controverted or he may request that he be notified if the Commission should order a hearing thereon. At any time after said date said application-declaration, as filed or as amended, may be granted and permitted to become effective as provided in Rule U-23 of the rules and regulations promulgated under the act, or the Commission may exempt such transactions as provided in Rules U-20 and U-100 thereof. Any such request should be addressed: Secretary, Securities and Exchange Commission, 425 Second Street NW., Washington 25, D. C.

All interested persons are referred to said application-declaration which is on file in the offices of this Commission for a statement of the transactions therein proposed which are summarized as follows:

Consolidated owns directly all of the capital stock of Carolina Coach Company ("Carolina"), a North Carolina corporation engaged in intrastate and interstate motor bus transportation in North Carolina and Virginia. Carolina in turn owns all of the capital stock of Carolina Coach Company of Virginia ("Virginia"), a Virginia corporation also operating motor busses in North Carolina and Virginia. It is proposed that Virginia be merged into Carolina and that the merged company become incorporated under the laws of the State of Virginia and have the same capital structure that Carolina now has, namely, 8,300 shares of no par value \$7 preferred stock, 2,500 shares of no par value Class A common stock and 5,000 shares of no par value Class B common stock. The filing states "that subject to all regulatory action having then been taken, it (i. e., Central Public) will, within six months after the acquisition thereof, change the described shares (of the merged company), or cause the same to be changed, into a single class of common stock." The applicants-declarants anticipate that the savings resulting from economies of operation due to the merger will amount to approximately \$39,000 a year.

The filing contains a copy of an order of the Interstate Commerce Commission approving the proposed merger and reserving decision with respect to the accounting treatment of the proposed transactions on the books of Carolina.

According to the filing, because of the said authorization of the Interstate Commerce Commission and by reason of the provisions of Rule U-8 promulgated under the act the proposed transactions insofar as they involve Carolina and Virginia are exempt from the provisions of the act; however, the transactions insofar as they involve Consolidated and Central Public are not so exempt.

Applicants-declarants request that any order of this Commission authorizing

the proposed transactions become effective forthwith upon issuance.

By the Commission.

The Equity Corporation and First York Corporation, both of 103 Park Avenue, New York, New York, are registered management investment companies. The Equity Corporation owns approximately 82 percent of the voting stock of First York Corporation. First York Corporation owns in excess of 86 percent of the outstanding stock of Wheelabrator. Wheelabrator, therefore, is a company controlled by registered investment companies.

Rule N-17D-1 provides, in part, that "No affiliated person of any registered investment company, or of any company controlled by any such registered company, shall participate in, or effect any

transaction in connection with, any bonus, profit-sharing or pension plan or arrangement in which any such registered or controlled company is a participant unless an application regarding such plan or arrangement has been filed with the Commission and has been granted by an order entered prior to the submission of such plan or arrangement to security holders for approval, or prior to the adoption thereof, if not so submitted."

A predecessor company of Wheelabrator filed an application under Rule N-17D-1 with respect to the original "Key Man Profit-Sharing Plan" herein involved, and such application was granted on March 17, 1947. A similar application with respect to an amendment to the Plan was granted on July 5, 1949. The instant application is with respect to a second proposed amendment to the Plan. A certain percentage of the "profits remainder" of Wheelabrator is set aside for the Plan. The proposed amendment redefines "profits remainder" so that the amounts with respect to taxes deductible from net earnings for the purpose of determining such "profits remainder" in any calendar year, shall be the amount of Federal or Federal and Canadian income taxes computed, however, at the rates in effect on September 15, 1950, provided such rates are lower than the effective rates for such calendar year. It is asserted that the effect of the amendment is to maintain the status quo under the Plan since changes in the tax law otherwise may make operation of the Plan infeasible.

All interested persons are referred to said application which is on file at the Washington, D. C., office of the Commission, for a more detailed statement of the matters of fact and law therein asserted.

Notice is further given that an order granting the application may be issued by the Commission at any time after December 26, 1950, unless prior thereto a hearing upon the application is ordered by the Commission, as provided by Rule N-5 of the rules and regulations promulgated under the act. Any interested person may, not later than December 22, 1950, 5:30 p. m., e. s. t., submit to the Commission in writing his views or any additional facts bearing upon this application or the desirability of a hearing thereon, or request the Commission in writing that a hearing be held thereon. Any such communication or request should be addressed: Secretary, Securities and Exchange Commission, 425 Second Street NW., Washington 25, D. C., and should state briefly the nature of the interest of the person submitting such information or requesting a hearing, the reasons for such request, and the issues of fact or law raised by the application which he desires to controvert.

By the Commission.

EQUITY CORP. ET AL.

## NOTICE OF APPLICATION

At a regular session of the Securities and Exchange Commission, held at its office in the city of Washington, D. C., on the 1st day of December A. D. 1950.

In the matter of The Equity Corporation, First York Corporation, Commercial Controls Corporation, and Electromode Corporation; File No. 812-691.

Notice is hereby given that Commercial Controls Corporation (Commercial) and Electromode Corporation (Electromode), both of Rochester, New York, have filed an application under Rule N-17D-1, promulgated under section 17 (d) of the Investment Company Act of 1940, with respect to a proposed Profit-Sharing Plan (the Plan) of Commercial and Electromode.

The Equity Corporation and First York Corporation, both of 103 Park Avenue, New York, New York, are registered management investment companies. The Equity Corporation is the parent of First York Corporation. First York Corporation owns approximately 55 percent of the voting stock of Commercial. Commercial owns in excess of 95 percent of the voting stock of Electromode.

Commercial is engaged in the manufacture and distribution of mailroom equipment and stamp-vending machines. Electromode, which is in effect an operating division of Commercial, manufactures and sells electric space-heating equipment. The Plan is based on the joint operations of Commercial and Electromode and provides that the two companies will set aside an amount equal to 12% of the "combined profits remainder" of such companies. The "combined profits remainder" is defined as the combined net earnings before Federal income taxes (excluding capital transactions) less the dividend requirements of the various classes of stock of Commercial. Amounts are to be set aside for each calendar year and paid to the participants on or before the first of April in the following year. It is stated that approximately 50 employees of Commercial and 7 employees of Electromode will be eligible to participate under the Plan in 1950.

Rule N-17D-1 provides, in part, that "No affiliated person of any registered investment company, or of any company controlled by any such registered company, shall participate in, or effect any transaction in connection with, any bonus, profit-sharing or pension plan or arrangement in which any such registered or controlled company is a participant unless an application regarding such plan or arrangement has been filed with the Commission and has been granted by an order entered prior to the submission of such plan or arrangement to security holders for approval, or prior to the adoption thereof, if not so submitted."

All interested persons are referred to said application which is on file at the Washington, D. C. office of the Commission for a more detailed statement of the matters of fact and law therein asserted.

Notice is further given that an order granting the application may be issued

by the Commission at any time after December 20, 1950 unless prior thereto a hearing upon the application is ordered by the Commission, as provided by Rule N-5 of the rules and regulations promulgated under the act. Any interested person may, not later than December 18, 1950, at 5:30 p. m., e. s. t., submit to the Commission in writing his views or any additional facts bearing upon this application or the desirability of a hearing thereon, or request the Commission in writing that a hearing be held thereon. Any such communication or request should be addressed: Secretary, Securities and Exchange Commission, 425 Second Street NW., Washington 25, D. C., and should state briefly the nature of the interest of the person submitting such information or requesting a hearing, the reasons for such request, and the issues of fact or law raised by the application which he desires to controvert.
